Dear Florin,

On behalf of FIDIC and ACEG, we wish to offer you our sincere thanks for sharing with all of us your valuable time and experience at the recent European Regional Infrastructure Conference in Tbilisi.

The Conference was a great success, bringing out many important issues impacting on the industry. We believe that, thanks to you and other FIDIC experts, everyone is much better informed, not only about the new suite of FIDIC contracts, but also their proper use in the marketplace, as seen by engineers, lawyers, clients, funders and contractors. Without the support of people such as you, the conference would not have been a success.

We look forward to working with you again over the coming years, and to your valuable input into the activities of FIDIC and the industry. Please note in your diary the 5th Edition of this special conference, tentatively taking place also in the second week of March, 2019. This, and the venue, will be advised shortly.

Sincerely yours,

Enrico Vink
