

Compania Nationala de Autostrazi si Drumuri Nationale (CNADNR) a contractat executia unei centuri de ocolire a orasului Sibiu, cu finantare CE - ISPA, care a fost ulterior reziliat datorita unor dispute contractuale.

Asocierea EC Harris Projects - RomCapital Invest SA a fost angajata de catre CNADNR printr-un contract de „**Asistenta Tehnica pentru Evaluarea Performantei Managementului Contractelor Privind Constructia Variantei de Ocolire Sibiu**”, pentru analiza motivelor ce au dus la lipsa de performanta corespunzatoare in cadrul acestei masuri si stabilirea de recomandari pe care Agentia ISPA - CNANDR SA le poate lua pentru imbunatatirea calitatii performantelor manageriale pentru viitoarele proiecte.

Aceasta analiza a presupus un audit de management, tehnic si financiar al intregului contract de lucrari si al partilor implicate in derularea acestuia.

In cadrul acestui contract, Dl Florin NICULESCU a fost angajat in calitate de Expert Contracte si a fost responsabil cu analiza aspectelor contractuale care au dus la reziliere, incluzind revendicari si dispute.

Activitatile din cadrul contractului mai sus mentionat s-au desfasurat in perioada mai – septembrie 2008.

Dl. NICULESCU a contribuit in mod semnificativ la pregatirea Raportului Final de Audit transmis Beneficiarului.

In aceste conditii il recomandam pe dl. Florin NICULESCU pentru orice alte contracte.

Nadia State,

Director Departament Infrastructura Rutiera

RomCapital Invest SA

Romanian National Company for Motorways and National Roads (RNCMNR) has contracted the construction of a by-pass for the city of Sibiu, with EC - ISPA financing that was subsequently terminated due to certain contractual disputes.

The JV EC Harris Projects - RomCapital Invest SA was hired by RNCMNR, contracted through a contract of „**Technical Assistance for Assessing the Performance of Contracts Management Concerning Construction of Sibiu By-Pass**”, for analysing the reasons that led to the lack of due performance within that measure and establishment of recommendations that ISPA Agency – RNCMNR SA may undertake for improving the quality of managerial performance for future projects.

That analysis required a management, technical and financial audit of the whole works contract and of parties involved into its implementation.

Within that contract Mr. Florin NICULESCU was hired as Contract Expert and was responsible for analysing the contractual aspects leading to termination, including claims and disputes.

The activities within the above mentioned contract were carried on between May – September 2008.

Mr. NICULESCU has significantly contributed to the preparation of the Final Audit Report transmitted to the Beneficiary.

Accordingly, we hereby recommend Mr. Florin NICULESCU for any other assignments.

Nadia State,

Director Road Infrastructure Department

RomCapital Invest SA
